EVIDENCE-BASED MEDICINE | MEDICAL WRITING | CLINICAL AI

Registered pharmacist with 25+ years in pharmacy and healthcare. Specializes in the interconnected body: how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. As a clinical subject-matter expert, critically evaluates and synthesizes the literature, validates drug information and clinical content before use, and translates complex evidence for clinical, business, and lay audiences. Directs Claude and Claude Code through multi-step research, drafting, and document-building workflows, holding every output to a primary-source standard.

HOW I MEET YOUR REQUIREMENTS	
EVIDENCE-BASED MEDICINE (EBM)	PubMed and UpToDate review for complex cases.
MEDICAL WRITING	Protocols, decision-support guides, and patient education.
CLINICAL VALIDATION	Checks every claim against primary sources before use.
MEDICAL EDUCATION	Three MD, DO, and NP cohorts; national HCP training.
HEALTH TECH ADOPTION	Led the Elation EHR migration; championed Hint Health.
GENERATIVE AI	Prototyped an AI lab-trend dashboard; directs Claude Code.

Professional Experience

INFINITE HEALTH PLLC / HEALTHY KIDS, HAPPY MOMS

2015 - MAY 2026 | CHARLOTTE, NC

Integrative Pharmacist, Clinical Education and Healthcare Strategy
Practice Development Lead

- Researched complex cases and presented cited, staged plans; in a pediatric PSC and IBD case co-managed with an academic medical center, the patient's labs continued to improve.
- Led the HelloHealth-to-Elation EHR migration, including the pilot run, scheduling-team training, clinical templates, and outside lab-data integration, and championed early adoption of Hint Health for membership billing.
- Co-designed the practice's membership enrollment, Zoom orientation, and structured intake (2016 onward), which enabled a rapid move to virtual care during COVID-19.
- Developed protocol and decision-support guides, onboarding materials, and education for public, practitioner, and patient audiences, including weekly family roundtables on how the body's systems connect.
- Led three twice-monthly Integrative Pediatrics Practitioner Mentorship cohorts for MDs, DOs, and NPs: case-based clinical reasoning, medication and supplement education, and test interpretation.
- Led development and scaling of a private-label supplement line of 25 formulations that generated about **$360,000 a year**, writing product sheets and DSHEA structure/function claims and giving final label approval.

REGISTERED PHARMACIST

PROFESSIONAL PHILOSOPHY

> *Clinical content earns trust the way a clinician does: accurate evidence, clear structure, and honesty about what is known. I write it so a physician can act on it and a family can understand it.*

EDUCATION AND LICENSURE

ALBANY COLLEGE OF PHARMACY
Bachelor of Science in Pharmacy

REGISTERED PHARMACIST
North Carolina
License #14013
Issued under Deborah M. Allen

MAPS 2024
Functional and Integrative Care

GENETIC SNPS AND EPIGENETICS
Seeking Health / Dr. Ben Lynch
2017 - 2018
StrateGene report presentation

PLATFORMS AND TOOLS

UpToDate, Lexidrug, Natural Medicines, Clinical Pharmacology, PubMed, Cochrane, Google Scholar, Zotero, Claude and Claude Code, ChatGPT, Gemini, Perplexity, Copilot, Elation EHR, Hint Health, Jira, Confluence, Slack, Canva, Microsoft Office, and Google Workspace

WORK SAMPLES

Probiotic Claims Review
Omega-3 Claims Review
Four Science Education Decks

WORK PREFERENCES

Full-time preferred
Open to contract-to-hire

Professional Experience

INFINITE HEALTH (CONTINUED)

- Relayed families' adverse event reports to manufacturers with a signal check.
- Documented a reformulated product's likely loss of efficacy; the manufacturer restored its original formula.

TRANSFORMATION ENZYME CORPORATION — 2014 - 2015

Clinical Education and Provider Support Specialist

- Partnered with subject-matter experts to build and deliver national training that translated enzyme and nutrition science into practical guidance for clinicians.
- Supported clinicians with product, protocol, and implementation questions; identified recurring knowledge gaps and developed education to address them.

TARGET PHARMACY — 1998 - 2013 | CHARLOTTE, NC

Supervising Pharmacist (Pharmacy Manager), 1998 - 2000
Pharmacist, 2000 - 2004; District Relief Pharmacist, 2004 - 2008
Staff Pharmacist, 2008 - 2013

- Evaluated prescriptions for safety, interactions, and appropriateness across 15 years in a high-volume, highly regulated pharmacy.
- Resolved commercial and Medicaid claim rejections at the point of sale and coordinated prior authorizations with prescribers, reviewing covered alternatives and explaining options to patients.
- Opened the Stonecrest Target pharmacy as Pharmacy Manager and taught a 6-hour CE program to pharmacists across Carolinas districts.

WEGMANS FOOD MARKETS — 1994 - 1997

Pharmacy Intern

Selected Speaking and Education

Signature topic: The Interconnected Body - How the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how nutrition, medications, and supplements act across them all

Signature topic: Pediatric Immune Resilience - Healthy cell, healthy gut, healthy child: immune-resilience science in practice

Personalized Lifestyle Medicine Institute - Pediatric Immune Resilience with Drs. Bland and Lustig, 2022

AHEC Gerontology Conference - Integrative pharmacy education, 2019

Transformation Enzyme Therapy Conference - HCP clinical education, 2019

Evolution of Medicine / Functional Forum - Functional medicine education, 2018

U.S. Department of Veterans Affairs - Pediatric Immune Resilience for clinicians

WHAT I BRING TO YOUR TEAM

More than 25 years of clinical judgment, a decade of educating physicians and families, and AI-accelerated drafting checked by a pharmacist. The result: content precise enough for clinicians and clear enough for every patient.

Deborah M. Burke-Allen, RPh

REGISTERED PHARMACIST | NC LICENSE #14013 (ISSUED UNDER DEBORAH M. ALLEN)

Clinical Content, Medical Affairs, and Health Tech

EVIDENCE REVIEW | MEDICAL WRITING | MEDICAL AFFAIRS | CLINICAL AI | EDUCATION

Why Deborah Fits Content and Health Tech Roles

Deborah is a registered pharmacist with 25+ years in pharmacy and healthcare. Her range spans the interconnected body: how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. She critically evaluates evidence, validates content before use, and directs agentic AI workflows with every output held to a primary-source standard.

25+ YEARS	10+ YEARS	3	ACTIVE RPH
pharmacy and healthcare	clinical content and education	MD, DO, and NP cohorts	NC #14013, under Deborah M. Allen

Typical Responsibilities: How Deborah Delivers

EVIDENCE, ACCURACY, AND CONTENT

Critically evaluate the clinical literature	DIRECT EVIDENCE Graded each claim as established, plausible, or speculative, weighing dose, form, population, and outcome in the PubMed literature, and presented cited, staged plans for complex cases.
Write and review clinical content	DIRECT EVIDENCE Developed protocol guides and education for public, practitioner, and patient audiences. Her published 2026 label-standard review of her own probiotic sheet removed 7 of 16 claims, rewrote 8, and kept 1.
Medical and scientific education	DIRECT EVIDENCE Led three twice-monthly mentorship cohorts for MDs, DOs, and NPs; built national clinician training; and presented for the Personalized Lifestyle Medicine Institute with Drs. Bland and Lustig.

CLINICAL AI, DATA, AND PARTNERSHIPS

Apply generative AI responsibly	EXCEEDS REQUIREMENT Builds with AI, not just uses it: prototyped an AI-assisted lab-trend dashboard with practitioner review before any change, and directs Claude Code workflows under written standards with every fact checked.
Outcomes and real-world data	RELEVANT EXPERIENCE Coordinated the integration of outside lab data into the Elation EHR and used lab results and reported symptoms to recommend therapy changes.
Work with clinical and business partners	DIRECT EVIDENCE Led cross-functional projects from concept through rollout and represented the practice's needs to Elation's technical team.

Deborah M. Burke-Allen, RPh

CONTENT AND HEALTH TECH

Common Qualifications: Met and Exceeded

PharmD or an equivalent pharmacy degree, with active licensure	DIRECT EVIDENCE Bachelor of Science in Pharmacy, the standard entry-level pharmacist degree before the national PharmD transition, plus an active North Carolina RPh license (#14013, issued under Deborah M. Allen).
Five or more years of clinical practice	EXCEEDS REQUIREMENT More than 25 years in pharmacy and healthcare against the five required, including 15 in high-volume pharmacy practice with daily patient care.
Medical writing or content portfolio	DIRECT EVIDENCE Published work samples at deborahburkeallen.github.io/recruiters.html: two claims reviews (probiotic and omega-3) and four PubMed-verified science-education decks, backed by a decade of patient, practitioner, and public education.
AI tools and new technology	EXCEEDS REQUIREMENT Well beyond familiarity: uses Claude and Claude Code, ChatGPT, Gemini, Perplexity, and Copilot; directs AI coding agents with written specifications; and led the Elation EHR migration and Hint Health adoption.

What Deborah Brings to Your Team

- Clinical accuracy from 25+ years in pharmacy and healthcare.
- Range across the interconnected body, from medications to nutrition and supplements.
- Content that translates complex evidence clearly for any audience.
- Practical, verified use of AI to work faster without losing accuracy.
- A teacher's instinct, proven with physicians, families, and national audiences.

Career Highlights

Label approval
gave final approval on private-label supplement labels, making sure product names did not mislead

Formula restored
she documented a reformulation's likely loss of efficacy, and the manufacturer brought back the original formula

Knowledge-gap loop
at Transformation Enzyme, identified recurring clinician knowledge gaps and built education to close them
